# Symmetry Analysis Exact Solutions Equations

**mathematics unit 1: real analysis - t n** - equations with regular singular points – solutions and properties of legendre and bessel's equation – equations with variables separated – exact equations – method **lecture notes on basic celestial mechanics - arxiv** - arxiv:1609.00915v1 [astro-ph] 4 sep 2016 lecture notes on basic celestial mechanics sergeia.klioner 2011 **calculation of the hoop burst speed for rotating discs** - the plastic theory outlined above follows closely that of reference [4], but has been cast in the form of an equilibrium analysis. the plastic limit speed is given in equation [6]. **mathematical methods for physicists: a concise introduction** - mathematical methods for physicists a concise introduction this text is designed for an intermediate-level, two-semester undergraduate course in mathematical physics.
